What is Asset Keeper?

Asset Keeper is a fixed asset depreciation software program this is fully-featured to meet the challenging needs of the accounting professional, yet intuitive to allow non-professionals to maintain their fixed asset data. Asset Keeper is updated continually to ensure compliance with current tax law, and we provide unlimited free technical support so that you are never left wondering how to handle any situation that arises.

Why should I buy Asset Keeper?

Asset Keeper is the #1 choice for accounting professionals because it is flexible and comprehensive to meet the requirements of maintaining an unlimited number of client files with the kind of control only a professional can appreciate. At the same time, accounting professionals are recommending Asset Keeper to their clients because of its easy-to-learn interface and adaptability to meet their tracking and fixed-asset management needs.

Features

There are so many reasons why Asset Keeper is the right fixed asset program for you; it's difficult to single out any one feature that makes it stand out. The following are some of the most significant features that you will enjoy when you start using Asset Keeper.

- Smart Data Entry
- Comprehensive Calculations
- Unsurpassed Reports and Reporting Options
- Intuitive Interface
- Adaptable for Any Company, Large or Small
- Professional Support

- Timely Updates for New Tax Legislation
- Extraordinary Value

Finding the right asset depreciation program can be an arduous task. When faced with the many choices and advertising hype presented in the marketplace, it's no wonder that many professionals make the wrong choice the first time.

If you are currently using another fixed asset program, you'll find that Asset Keeper does exactly what we say it does, and we support it like you're our only user. Whatever your reasons for wanting to change, we know that Asset Keeper is the solution you've been looking for.

If you are not currently using a fixed asset program, then we encourage you to download our demo and give it a try. We want you to be sure, as we are that Asset Keeper is the best fixed asset program on the market.
